**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I HATE AT&T and Comcast, too! They are money grabbing monopolies! I recently had a situation where I only had my TV moved upstairs and Comcast changed boxes so that I could no longer record the late night programs I watch. I had no choice but to use their system which cost me \$50 per month more! At the same time a sales person tried to get me to also switch my internet and telephone service from Sonic.net to Comcast but I declined as the price would increase after two years!

I love Sonic.net because they never increase their prices, except when you add another service (like telephone services). Comcast is like clockwork, they increase prices twice a year.

I hope you keep competition in the mix because monopolies are taking over and the consumer has no choice but to pay.... and pay.... and pay!
